

## Customizing TCMPC Content

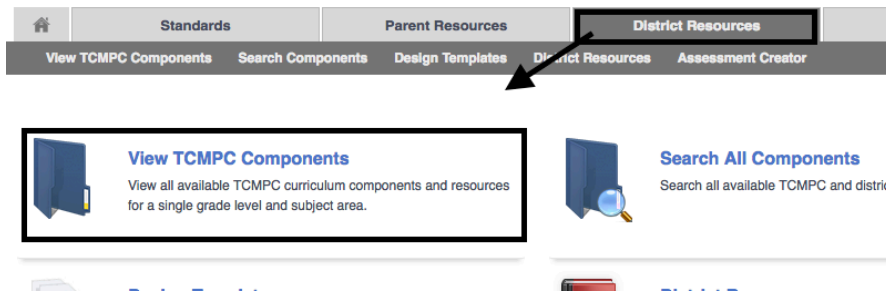

Authorized users can customize TCMPC versions of IFD and YAG components, and publish them for district use, if capability is turned ON in the District Content Settings of Content Administration.

**Required role:** District Content Creator

**Required setting ON:** Create District Version

**Site access:** [District Resources > View TCMPC Components](#)

To find TCMPC components you'd like to customize, click on the **District Resources** tab and select **View TCMPC Components**.

Select the **Grade Level** and **Subject Area**. Click **Search**. Find a YAG or IFD in the list and click the title to open the component page.

## View TCMPC Components

Search for TCMPC Curriculum and Resources below by selecting one grade level and one subject area.

District-Created Assessments/Formative Spirals can be found through the [Search All Components](#) tool on the District Resources tab.

**Year at a Glance**  
**Science Grade 4 YAG – 6 weeks**

First Semester	Second Semester
1st Six Weeks	4th Six Weeks
<b>Unit 01: Physical Properties of Matter (17 days for the entire unit)</b> 4.1A, 4.2B, 4.2C, 4.2F, 4.4A, 4.4B, 4.5A, 4.5B	<b>Unit 05: Natural Resources (8 days for the entire unit)</b> 4.1A, 4.1B, 4.2C, 4.2F, 4.4A, 4.7C
<b>Unit 02: Mixtures and Solutions (12 days for the entire unit)</b>	<b>Unit 06: Patterns of the Earth (16 days for the entire unit)</b>

**NOTE:** if the *Create District Version* button is missing, this means it is turned OFF in the District Content Settings. Contact your District Content Administrator to request this be turned ON.

By default, the system appends your district name to the existing title. However, this title can be modified as necessary to suit your district's needs.

### Editing YAG (6 Week View)

Title:  
Science Grade 4 YAG – 6 weeks – TCMPC 3RDL DEMO DISTRICT

Grade/Subject/(Course):

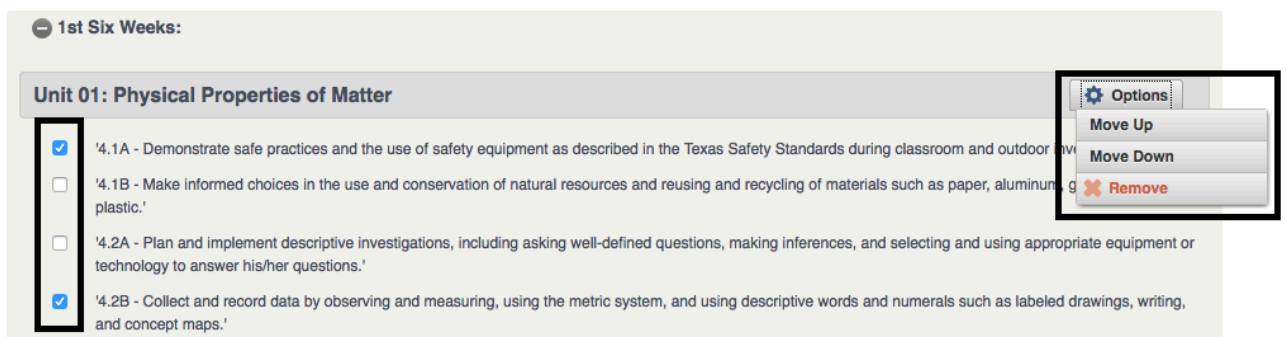

Language Arts Grade 1	English Language Arts and Reading Spanish Language Arts and Reading	-- Select a Course --
--------------------------	--	-----------------------

### Modifying the District Version of the YAG

To remove an existing unit from the **YAG**, click the **Options** button and select **Remove**.

To reorder units, click the Options button and use the **Move Up** or **Move Down** options. You can also drag and drop by clicking the gray title bar of the unit.

To edit the existing standards, check/uncheck checkboxes accordingly.

To add a different unit (IFD) to the YAG, click the Manage Alignments button at the bottom of the six-week section.

Select the Grade Level/Subject Area to review list of available IFD components. The list will display both TCMPC and District-created IFDs - any TCMPC component is indicated

by the logo , any district-created IFD will not have the logo.

Unit Title	Source	Action
Unit 01: Physical Properties of Matter	TCMPC	Add
Unit 01: Physical Properties of Matter - Region 13 ESC - Demo District		Add
Unit 02: Mixtures and Solutions	TCMPC	Add
Unit 03: Forms of Energy	TCMPC	Add

Click the **Add** button to include this unit on the YAG.

### Modifying the District Version of the IFD

After clicking the Create District Version button on the selected IFD, the Edit IFD page opens. The district name is automatically appended to the title.

## INSTRUCTIONAL FOCUS DOCUMENT Grade 4 Science

TITLE : Unit 01: Physical Properties of Matter

Edit the desired field(s) on the IFD and click **Save**.

## Editing Instructional Focus Document
